

LEGEND

- Asphalt Lines, Quarries & Springs
- Iron Prospects & Outcrops
- Zinc Prospects
- Lead Prospects
- Segregated Asphalt Lands
- Geological Contacts
- Fault Lines
- Contour Lines
- Rivers & Streams
- Railroads
- County Lines
- Township Lines
- Section Lines

LEGEND

- River sand & Silt
- Cretaceous
- Permian (Red Beds)
- Unclassified
- Coney Shale
- Sycamore Limestone
- Devonian
 - Woodford Chert
 - Hunton Limestone
- Silurian
 - Sycamore Shale
 - Utoia Limestone
 - Simpson formation
- Cambrian
 - Arbuckle Limestone
 - Reagan Sandstone
- Pre-Cambrian
 - Granite-Porphry

Contour interval 50 Ft.

A GEOLOGICAL MAP OF THE ARBUCKLE MOUNTAINS

By Chester A. Reeds.
(Compiled from the author's field notes and from the U. S. Geological Survey maps and reports by Mr. J. A. Taff.)
